A HALF-PRICE PRIVATE JET?

Introducing The Co-Owner Match Game

“PIA truly serves as a bespoke “matchmaker” for private jet owners. The simple economics of this approach just scream mutual benefit and provide ample incentive for customers looking to curtail costs or fly in a more capable aircraft for a fraction of the sole ownership investment.”

BARRON'S

FIRM MATCHES JET OWNERS

“Within this sea of choices, managed aircraft co-ownership firm Partners In Aviation has developed a specialized niche, matching two individual owners who want to share one specific airplane and each fly it between 50 and 150 hours per year.”

PARTNERS IN AVIATION

The next evolution in business aircraft ownership

“PIA serves two distinct clients - current owners interested in selling half of their aircraft, and non-owners looking to buy half of an aircraft. If you fit either, the right partnership, or more accurately PIA Managed Co-Ownership, may be the perfect solution for you.”

PARTNERS IN AVIATION OFFERS SHARED-OWNERSHIP OPTION

“PIA basically creates a network of clients who can afford to own a business jet but can't justify it to themselves financially for flying, say, only 100 hours per year.”

PARTNERS IN AVIATION OFFERS SHARED-OWNERSHIP OPTION

“PIA offers an alternative to selling the aircraft if you aren't flying enough in the owners' case. For non-owners it offers the benefits of ownership at half the cost.”

NOW IS THE TIME TO GIVE HALF A WHOLE LOT OF THOUGHT.
